

StatNetSA WORKSHOP

StatNetSA (Statistics Supervision Network in South Africa) is a collaborative network that supports early- and mid-career academics in Statistics through mentoring, peer learning, and capacity-building to be effective and impactful Statistics educators, supervisors, and researchers.

28 – 29 January 2026

NITheCS Offices, Stellenbosch

Statistics academics based in South Africa

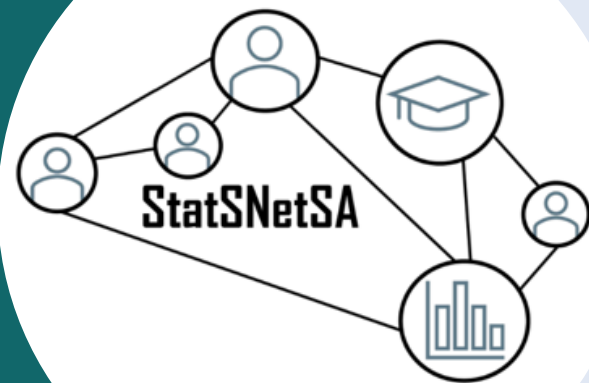

Day 1: Sharing experiences as statistics academics

Discuss challenges, successes, and lessons learned in academic roles

Day 2: Writing for impact

Learn how to translate research into accessible writing for non-technical stakeholders

New members are encouraged to join. Priority will be given to those who have not yet attended a StatNetSA workshop.

Attendance is fully funded.
Space is limited.
