

# CELEBRATING SCIENCE

## 16-25 August 2022

Join us for a series of talks and events on the value of fundamental research in the natural sciences in celebration of National Science Week and the International Year of Basic Sciences for Sustainable Development (IYBSSD).

	<b>16 &amp; 17 August</b> MS Teams online 13:00-14:00	<b>Research in MICROBIOLOGY</b>	Postgraduate students in <b>microbiology</b> share their research projects	<b>Students</b>
	<b>Wednesday, 17 August</b> Merensky Building, Room 0067 17:30-20:00	<b>PHYSICS Open Day</b>	Public lecture by <b>Prof Francesco Petruccione</b> , lab tours and refreshments	<b>Public</b>
	<b>Monday, 22 August</b> Neelsie Cinema 12:00-15:00	<b>Careers in the BIOLOGICAL SCIENCES</b>	Engage with representatives from industry about careers in the <b>biological sciences</b>	<b>Students</b>
	<b>Tuesday, 23 August</b> Neelsie Cinema 12:00-15:00	<b>Careers in the PHYSICAL &amp; MATHEMATICAL SCIENCES</b>	Engage with representatives from industry about careers in the <b>physical sciences</b>	<b>Students</b>
	<b>Tuesday, 23 August</b> Neelsie Cinema 18:00-20:00	<b>MOVIE EVENING "Secrets of the Surface"</b>	A film about the life of <b>Maryam Mirzakhani</b> , the first woman to win the world's most prestigious mathematics prize, the Fields Medal.	<b>Students</b>
	<b>Wednesday, 24 August</b> Neelsie Cinema 12:30-14:00	<b>Science Café Stellenbosch: "In defence of basic research"</b>	<b>Prof Len Barbour</b> , distinguished professor, Department of Chemistry and Polymer Science	<b>Students</b>
	<b>Thursday, 25 August</b> Academia Hall, Bosman Street 12:00-15:00	<b>Careers in COMPUTER AND DATA SCIENCE</b>	Limited to invited students only Enquiries: <a href="mailto:gfortuin@sun.ac.za">gfortuin@sun.ac.za</a>	<b>Invitation only</b>
	<b>Thursday, 25 August</b> STIAS Wallenberg Research Centre 16:00-18:30	<b>MATHEMATICS &amp; SCIENCE TEACHERS' NETWORK</b>	Limited to invited teachers only Enquiries: <a href="mailto:maambele@sun.ac.za">maambele@sun.ac.za</a>	<b>Teachers</b>

Click [here](#) to book, or e-mail [maambele@sun.ac.za](mailto:maambele@sun.ac.za)

Hosted by the Faculty of Science, Stellenbosch University, and supported by the Academy of Science of South Africa (ASSAf) and the International Year of Basic Sciences for Sustainable Development (IYBSSD)

# ONS VIER NATUURWETENSKAPPE

16-25 Augustus 2022

Sluit by ons aan vir 'n reeks praatjies en geleenthede wat handel oor die waarde van fundamentele navorsing in die natuurwetenskappe, ter viering van Nasionale Wetenskapweek, en die Internasionale Jaar van Basiese Wetenskappe vir Volhoubare Ontwikkeling (IYBSSD).

	<b>16 &amp; 17 Augustus</b> MS Teams aanlyn 13:00-14:00	<b>Navorsing in MIKROBIOLOGIE</b>	Nagraadse studente in <b>mikrobiologie</b> gesels oor hul navorsingsprojekte	Studente
	<b>Woensdag, 17 Augustus</b> Merensky-gebou, Kamer 0067 17:30-20:00	<b>FISIKA</b> Opedag	Openbare lesing deur <b>Prof Francesco Petruccione</b> , lab toere en verversings	Publiek
	<b>Maandag, 22 Augustus</b> Neelsie Cinema 12:00-15:00	<b>Loopbane in die BIOLOGIESE WETENSKAPPE</b>	'n Paneel industrie-verteenwoordigers praat oor loopbane in die <b>biologiese wetenskappe</b>	Studente
	<b>Dinsdag, 23 Augustus</b> Neelsie Cinema 12:00-15:00	<b>Loopbane in die FISIEN &amp; WISKUNDIGE WETENSKAPPE</b>	'n Paneel industrie-verteenwoordigers praat oor loopbane in die <b>fisiese wetenskappe</b>	Studente
	<b>Dinsdag, 23 Augustus</b> Neelsie Cinema 18:00-20:00	<b>FLIEKAAND</b> "Secrets of the Surface"	'n Film oor die lewe van <b>Maryam Mirzakhani</b> , die eerste vrou wat die Fields-medalje – die mees invloedryke wiskundeprys ter wêreld – gewen het.	Studente
	<b>Woensdag, 24 Augustus</b> Neelsie Cinema 12:30-14:00	<b>Science Café Stellenbosch</b> praatjie: "Ter verdediging van basiese navorsing"	<b>Prof Len Barbour</b> , uitgelese professor in die Departement Chemie en Polimeerwetenskap	Studente
	<b>Donderdag, 25 Augustus</b> Academia-saal, Bosmanstraat 12:00-15:00	<b>REKENAAR- EN DATAWETENSKAP</b> Loopbaanuitstalling	Beperk tot geselekteerde studente Navrae: <a href="mailto:gfortuin@sun.ac.za">gfortuin@sun.ac.za</a>	Per uitnodiging
	<b>Donderdag, 25 Augustus</b> STIAS Wallenberg Navorsingsentrum 16:00-18:30	<b>WISKENDE- EN NATUURWETENSKAP- ONDERWYSNETWERK</b>	Beperk tot geselekteerde onderwysers Navrae: <a href="mailto:maambele@sun.ac.za">maambele@sun.ac.za</a>	Onderwysers

Klik **hier** om te bespreek, of e-pos [maambele@sun.ac.za](mailto:maambele@sun.ac.za)

Aangebied deur die Fakulteit Natuurwetenskappe, Universiteit Stellenbosch, en ondersteun deur die *Academy of Science of South Africa (ASSAf)* en die *International Year of Basic Sciences for Sustainable Development (IYBSSD)*
