

Women's Month Writing Retreat

To celebrate Women's Month, we invite female NITheCS Associates to apply to participate in our 'Self-run Writing Retreat'.

This offers successful applicants an opportunity to focus on a piece of work – without the interruptions of daily life – via a Self-run Writing Retreat.

We will contribute up to R10 000 for this break-away opportunity.

The grant will be paid via an invoice raised by your university addressed to NITheCS. The funds are to be used within the current financial year.

If a publication results following your retreat, kindly acknowledge our support by adding our affiliation:

'National Institute for Theoretical and Computational Sciences (NITheCS) South Africa'.

HOW TO APPLY

Submit your details via our [online form](#), together with a letter of motivation, by 31 July 2024. Successful applicants will be notified in August 2024.
